

QUALITY MISSION STATEMENT

Selective Plating strives to provide a quality product that meets or exceeds our customers' needs and expectations the first time, every time.

We will accomplish this goal with superior quality of our products, timely delivery, the best value, and efficient courteous service.

As such, we are committed to the following:

Understand and respond to our customers' needs and expectations.

Develop systems of production that generate continual quality and productivity improvements.

Employ a highly-trained and motivated workforce with full accountability and responsibility.

Establish long-term partnerships with suppliers.
