

Re: the Restriction of Hazardous Substances (RoHS); Registration, Evaluation, Authorization and Restriction of Chemicals (REACH); Global Automotive Declarable Substance List (GADSL); and End-of-Life Vehicle (ELV) Directives

Dear Valued Customer;

As a supplier of electroplating services, Selective Plating's 100% Matte and Bright Tin, 100% Matte Nickel and 100% Matte Copper finishes are in compliance with the Restriction of Hazardous Substances (RoHS 3 - 2015/863/EU); Registration, Evaluation, Authorization and Restriction of Chemicals (REACH); Global Automotive Declarable Substance List (GADSL); and End-of-Life Vehicle (ELV) Directives.

Our 100% Tin anode metal conforms to ASTM B-339 electro grade A. Our 100% nickel anode metal conforms to ASTM B39. Our copper anode metal conforms to ASTM B170. A certificate of analysis is available upon request.

Selective Plating also employs the use of proprietary grain refiners and brighteners. These products are all certified as compliant. A letter of compliance from the manufacturer is available upon request.
